

REF.	UN.	DESCRIPTION
TPL-001	1	INSPECTING MACHINE make TAPALSA. Type 161SP. Nº 4681A. Year 1999. Roller width 1900 mm. Digital countmetres. Tension regulation and press roll tissue with engines of A/C current with inverters.
		
TPL-002	1	ACUMULATOR BELT make TAPALSA. Type 134. Nº 4108. Year 1998. Roller width 1900 mm. Long belt 3500 mm. Capacity of accumulation 40 meters. Speed regulation with Inverter. Bianco Dogal 01 at exit width 2100 mm. Two expander rollers.
		
TPL-003	1	VIBRACTION UNIT MOTORIZED. With 3 vibration roller. Dust extractor. Roller width 1600 mm.
		

REF.	UN.	DESCRIPTION
TPL-004	1	<p>CONTINUOUS TUMBLER make TAPALSA. Nº 4326. Year 1998. With humidificator. Expander rollers. Roller width 1900 mm. Velocity 3-30mts/min.</p>
		 
TPL-005	1	<p>DRYING OVEN make EUROTECNO. Width 1.000 mm. 3 passages of 6 meters. Total 18 mts. System of hot air with boiler. Bumer make Lamborghini of natural Gas. 20mbar. 45kW/h. Year 2003.</p>
		
TPL-006	1	<p>HOT-MELT MACHINE make LLORENS PLANAS. Year 1996. Width table 1500 mm. w.w. Composed by: Entrance for silicone paper / tissue / paper. 2 systems of impregnation by foulard with lower cylinder metallic heated, with two lower boxes of impregnation heated. Second tissue / paper input, system of union by calander with cylinder metal heated and pneumatic press. Unit with several cuts of width-adjustable pressure (currently 10) and roller cylinders. Unit for precast resin. Entrance with 2 cylinders heated that feeds two accumulation heated boxes. One for each foulard with dosage system by bomb each. Pipes feeding from the boxes to the foulards heated by electric resistance. All heated elements are for oil heat through electrical resistance.</p>
		 

REF.	UN.	DESCRIPTION
TPL-007	1	<p>LINE FOR EXTRUSION OF PLASTIC SHEET.</p> <p>Width 800 mm. Consists of EXTRUDER output lip to sheet 0,25 mm. to 2 mm. thick adjustable more new head of 800 mm. of spare.</p> <p>CALANDER make KLEINWEFERS of width 800 mm.</p> <p>With 3 chrome cylinder water cooled / bed of rollers with selvages cutter and foulard of matching. Corona surface treatment system make Arcotec. Model FER700FA2. Year 2001.</p> <p>Rolling system type Revolver. 1 Dryer tank 1000 kg. + 1 stock tank machine of 2000 kg. MECANOFIL trituration and recovery unit type 53 / 71 M-50.</p>

TPL-008	1	<p>LOT OF 5 MACHINE for CUT FLOCK of polyester and polyamide.</p> <p>Formed by one machine make LLORPIC. Type 120 with 2 inboxes + 2 machine brand PER KUN type FL80 + 2 machine brand PER KUN type FL120 + with 5 buckets of plastic material collection + 6 buckets of stainless steel with 4 wheel drive dimensions width 700 mm x long 1300 mm x 570 mm high + 2 buckets stainless steel with 4 wheels of dimensions width 650 mm x 1100 long x 500 mm high + blades + grinding machine LLORPIC, for sharpening blades with magnetic plate 600 x 200 mm.</p>
---------	---	---

REF.	UN.	DESCRIPTION
TPL-009	1	<p>EMBOSSING MACHINE make LLORENS PLANAS. Type ME/215. Year 1998. Roller width 1450 mm. With star system 5 positions. 11 different Rubber of Embossing cylinders. Electric system for adjustment and press. Lower cylinder powered with A/C current and variable frequency drive motors.</p>
		
TPL-010	1	<p>EMBOSSING MOVABLE HEAD. Roller width 1700 mm. Pneumatyc pressure. Higher embossing cylinder driven with AC-motor and variable frequency drive. Heated by oil heat through electrical resistances. 4 different embossing cylinders.</p>
		
TPL-011	1	<p>IMPREGNATION FOULARD 3 ROLLERS make AIGLE. Year 1998. Nº 1485-01. Type FH. Roller width 1800 mm. Double passage with intermediate chrome cylinder for application of Resins / Silicones with opening with micrometres gauge system and pneumatic press for open and close cylinders.</p>
		

REF.	UN.	DESCRIPTION
TPL-012	1	HEAD OF PRINTING make ROTOPRACTIC . Type STORK. Movable. Roller width 1840 mm. 1 creel. Lower cylinder with motor.
		
TPL-013	1	HEAD OF PRINTING . Type STORK. Movable. Roller width 1.170 mm. 1 Creel. Lower cylinder with motor. Complete with electric panel and printing cylinders.
		
TPL-014	1	COATING MACHINE make LLORENS PLANAS . Type ME214. Year 1998. Roller width 2.200 mm. Diameter cylinder 350 mm. Motorized. Manual regulation of height. Angle and movement. Motorized top paste applicator.
		

REF.	UN.	DESCRIPTION
TPL-015	1	MARIO BOMBI FOAMER. Nº 507. Year 1983. Model MB A-GA (600-120 lt/h) - (800-600 gr/lt).
		 
TPL-016	1	MILL CRUSHER. 5,5 CV. Inlet width 295 mm. x High 200 mm.
		
TPL-017	1	HYDRAULIC UNIT make ASISA. Type E.C. Nº 1614. Year 1977.
		
TPL-018	1	HYDRAULIC UNIT make ZÖLIC. Type PVT. Year 1970.
		

REF.	UN.	DESCRIPTION
TPL-019	1	COMPRESSOR make AIR PACK. Model 30T200. Year 1997. 11bar. 200 litres.
		
TPL-020	1	COMPRESSOR make AIR PACK. Model 30T200. Year 1997. 11bar. 200 litres.
		
TPL-021	1	COMPRESSOR make AIR PACK. Model 30T200. Year 1997. 11bar. 200 litres.
		
TPL-022	1	COMPRESSOR make AIR PACK. Model 20T100. Year 1997. 11bar. 100 litres.
